## News Release

**October 13, 2003**

### **Deringer-Ney Develops New Capabilities Brochure for Custom Alloys and Ultra-Small, Precision Components**

Deringer-Ney has developed new literature on their capabilities for producing Custom Alloys and Ultra-Small, Precision Components. Deringer-Ney is a vertically integrated manufacturer of High Performance Alloys, Precision Metal Components, Precision Insert Molded Components and Part Assemblies. Typical products are Electrical Contacts & Rivets, Ultra-Small Metal and Plastic Components, Screw Machine Parts, Fine Wire and Films.

The new literature also highlights example products in Automotive, Medical, Electronic and Industrial Applications. Deringer-Ney has manufacturing facilities in Illinois, Connecticut, North Carolina and Nogales, Mexico. All of the manufacturing locations are registered to ISO 9000 and the domestic facilities are registered to QS-9000.

A copy of the brochure can be requested by contacting the company at 860-286-6101 or via e-mail at [info@deringerney.com](mailto:info@deringerney.com).
